

REVIVAL update

August 2021

"When you are going through difficulty and wonder where God is, remember that the teacher is always quiet during the test."—Source Unknown

I had the privilege of preaching in a multi-church crusade in Robbins, NC. Several churches came together. This was their 57th year of consecutive meetings. It was a delight to work with the pastors in this week long meeting.

The Student Advance was incredible! Some were saved, others dealt with deep issues like bitterness and participating groups were knit together more closely. We listened to teenagers testify in a church service in Fairmont WV. They were thrilled with the work

God did in their hearts. Thanks so much for praying for this Advance.

Our youngest son, Stephen, is having a heart procedure on August 5. We would appreciate your prayers.

Things are slow in August and we are looking forward to spending time in the "Secret Place" in preparation for our busy fall schedule.

Thanks so much for being a friend and supporter of this ministry.

Your Servant for Revival,

Harold
