AFLAME

It was the heavenly flame that consumed Elijah's sacrifice... Jesus baptized people with the Holy Spirit and fire... A heavenly flame rested on those men and women in the upper room... Our God is a consuming fire! All these references to FIRE are more than mere symbols—they mark the crying need for fervency and zeal in our day!

There is no incense without fire, and no prayer without passion. Praying “fire” is the greatest need in this generation, and we must covet this heavenly blaze. Only those who are AFLAME can bring light to the pervading darkness.
